

# The Bow Valley Call

Devoted to the Up-Building of Gleichen and the Development of the District Generally

Year VI., No. 2

GLEICHEN, ALBERTA, THURSDAY, APRIL 3 1913

Per Year \$1.50

## McElroy the Choice of Gleichen Conservatives

George McElroy was duly selected as the standard-bearer of the Liberal-Conservatives of the Gleichen constituency at the convention held in Strathmore on Saturday last, there being 55 delegates present when his nomination was made unanimous, after the withdrawal of three others.

At the opening of the convention J. J. Marshall of Gleichen, was selected chairman and R. Waddy, Strathmore, secretary. The chairman in a brief speech outlined the work of the meeting and asked the delegates present to proceed with the nominations.

Messrs. E. A. Wyndham and A. Stanley carried unanimously the first motion which was to the effect that all present agree to support the candidate selected.

R. Hurd in a brief speech nominated Harold W. Riley, which was seconded by Geo. McElroy, whereupon Mr. Riley took the platform, and in a short address said he would be ungrateful if he did not express his appreciation of the honor bestowed upon him and said he felt flattered and complimented on the manner in which his name had been brought before the convention. However, much as he appreciated the honor he begged to decline. He had represented the Gleichen riding to the best of his ability in the past two sessions and was more than pleased that his efforts were appreciated.

The present election he said had been sprung on the electors too quickly, but it was the duty of the Conservatives to be ready at all times and he was much gratified to see the rally at this convention.

However, he had been through the three constituencies lately, and had found that in North Calgary and Gleichen there were plenty of good men available, but that in Bow Valley the Conservatives were depending upon him to do the work, and he felt it was a case of emergency.

Besides he had consulted with friends in all these new ridings, who had arrived at the conclusion that he should stay with Bow Valley.

Still his nominators would not allow him to withdraw and Mr. Riley said he claimed no credit for what he had accomplished and thought he had only done his duty by the big Gleichen constituency. He had learned that the party had only one man for Bow Valley and that was himself, yet he would not forget the Gleichen riding. He would advise the convention to proceed with other nominations and select the best man.

Yet Mr. Riley's friends would not give in and he asked his nominators to withdraw his name as he did not wish to withdraw for fear it would be taken that he did not appreciate the honor bestowed upon him.

Mr. Hurd refused to withdraw on the ground that he did not want it said that he allowed a good man to escape.

Whereupon Mr. Riley asked that it be considered in another way. "You lend me to Bow Valley, but please do not make my position more embarrassing."

This proved unavailing and Mr. Riley asked to be released that he might go to where he might add one more seat to the party.

Finally Messrs. Knox and Ranby nominated George McElroy.

Then Messrs. Reay and Wyndham nominated Frank Boles.

Harold Prestwich and John H. Riley nominated Wm. Campbell.

As Mr. Campbell was expected in on the east bound train it was asked that time be allowed for his arrival, which was consented to and in the interval of over an hour Mr. Harold Riley entertained the delegates in giving an account of his stewardship, setting forth the Conservative platform and severely criticising the Sifton government.

Mr. Riley finally succeeded in having his name withdrawn after the dead-lock had been broken.

One of Mr. McElroy's supporters said that it was a "packed convention" and a Gleichen man "It is machine work."

However, while this was going on others were busy with motions and although the three other candidates in turn declined Chairman Marshall equal to the occasion informed them they were all too late to withdraw under the motions already carried, and they must now stand. Campbell, however, acted quickly and word was passed to his friends to leave him out, which the first ballot showed, leaving McElroy and Boles to contest a second one.

However Mr. Boles withdrew in favor of Mr. McElroy and a motion quickly passed to make Mr. McElroy's nomination unanimous.

With cheers Mr. McElroy took the platform and in a brief address thanked the convention for the honor bestowed upon him and promised to do his utmost to carry out the principles of the party and to strive to see that the Gleichen riding obtained justice. He said that at this

late hour he did not think it proper for him to attempt a speech, but that he would lose no time in visiting every portion of the riding and explaining his position working for its best interest.

The chairman asked all to remain for the organization of a central committee, when the following were duly elected.

Hon.-Pres.—Hon. R. L. Borden and Harold W. Riley.

Hon.-Vice-Pres.—Geo. McElroy.

President—J. J. Marshall

Secretary—Dr. R. Waddy.

The executive comprises members from Gleichen, Strathmore, Irricana, Langdon, Rosebud, Keoma, Dalroy, Cheandle, Namaka, Beiseker, Nightingale and Standard.

A vote of confidence in Mr. Mitchell by the chairman carried unanimously.

A vote of thanks to the chairman carried before adjournment.

## Credit to Whom Credit Is Due

Editor Call ;—

Permit me, Mr. Editor to correct a wrong impression that may be created by the statement of your Ouletterville correspondent in your last issue, in which your informant briefly states that a petition was sent to Harold W. Riley last summer praying for the improvement of the almost impassable coulees in this district along the C. P. R. telephone line. There was more than one sent in since Mr. Riley became our representative, but what was the effect—Nil, nothing doing. The works now in progress on these bridges is from no efforts of Mr. Riley that I know of, Mr. A. J. McArthur was invited to look over the roads in Ouletterville and with a few others I drove him over the coulees referred to, which he right then promised to attend to by the erection of bridges and the approaches filled in as soon as the ground was fit to work.

I ask: Has Mr. McArthur made good? Come and see for yourself, friends. Three of the bridges are built and work on the third is continuing.

Mr. McArthur made no polite apologies to your petitioners, but said he would have men on the ground within two months. The men and the work are there to be seen.

Give credit to whom it is due.  
Yours truly,  
F. E. RENAUD.

The Methodist Ladies' Aid will hold an Apron and Home-cooking sale on Saturday afternoon, April 12th, in the store of Rowe, Rowe & Rowe. Please keep this in mind.

C. F. Bruce of Cluny, who left on a visit to England a couple of months ago, returned last week with a bride, and is receiving the compliments of his friends.

James Clark, the well-known rancher, was taken to the Calgary hospital Sunday suffering with appendicitis, but it is learned that the doctors there have decided not to operate on him for at least another week. His many friends will hope for a speedy recovery.

The Bow Valley parties selected their candidates Monday evening. George Lane was duly chosen by the Liberals in convention at Bassano and Harold W. Riley selected by the Conservatives at Brooks. Both candidates are out to win and there will be a hot time as both are very able men.

Arrangements have been made with the California All Star Jubilee Quartet for an entertainment in the Gleichen Opera House on Wednesday, April 9th. This promises to be one of the best of the season and will be well worth attending.

Chief Roberts desires it to be known that all dog taxes are now due and payable to him or secretary Johnston, and that he will be looking for all dogs not wearing their "Easter bon," pretty near a mistake—tags. He would also give a friendly warning to clean all back yards. Our Chief really does not like to catch dogs or tell people their yards need attention. Take a friendly warning.

A meeting of all members of St. Andrews Church and friends will be held in the church on Tuesday afternoon next, April 8th at 3.30 p.m. to consider the advisability of instituting and holding an annual "Get Acquainted Tea" for the purpose of bringing the members more closely together and for the advancement of the interests of the church. The monthly meeting of vestry will be held in the church Tuesday evening, April 8th at 8 p.m.

## Coming Events.

Notices under this heading 25c. a line unless otherwise advertised in CALL.  
April 8—Board of Trade Meeting  
April 8—Liberal public meeting.  
April 9—California All Star Jubilee Quartet.  
April 17—Provincial Elections.  
April 11—Masquerade Ball.

## Work To Commence At Once On Gleichen-Shepard Cut-Off

An announcement that will be greeted with pleasure by the residents of our town was made by Mr. Goodman of Goodman Bros., railway contractors, who was in town one day this week.

In conversation with a CALL reporter, Mr. Goodman stated that his firm, who had the contract for the first fifteen miles of the Gleichen-Shepard cut-off at the eastern end would start work almost immediately.

The firm expects to employ from 150 to 200 men and will make Gleichen their headquarters during the construction of the road. They expect their outfit, consisting of 90 head of stock and 2 grading outfits from High River on Saturday and will commence a few days later.

Grading stakes have already been placed the entire length of the road, starting some 25 feet from the western switch of the Gleichen yards.

John P. McArthur Liberal Candidate

John P. McArthur was unanimously selected the Liberal candidate at the convention held in Langdon last night—Wednesday—to contest the Gleichen constituency the only other candidate withdrawing.

The Convention opened with President Roy Cowan in the chair, who in a brief talk explaining the object of the convention was to select a standard-bearer for the Liberal party in the coming election. Mr. Cowan said he would cut his remarks short and ask every man

to get down to business at once and asked all the delegates take the front seats and although the number from each poll was limited to one delegate for each 10 Liberal votes cast at the last election there were 51 present and only two places unrepresented.

The president being asked, he selected as a credential committee, Messrs Thos. Rintoul of Keoma, H. A. McDonald of Hinds and Wm. Service of Gleichen.

(Continued)

A forgery, he repeated. A very good one, I admit, but a forgery all the same. Look. You can see how careful and labored the writing of it is. Look at that flourish under the signature. It is an exact copy of mine, but it has been done slowly and carefully, you can see how deliberately the curls and twigs have been made, and see how carefully it stops. It is a forgery, he repeated.

But a forgery, the two ladies said again, looking at him in undiminished astonishment, and even with some alarm. Dora continued in rather a subdued tone.

Do you mean that, Wilton? Certainly, he said very gravely. Well, I am sure, said Dora slowly, Miss Durand knew nothing about it—she was so plainly astonished to see it.

But if it's a forgery, said Miss Rose, who can have done it? and for what object? Really this is most uncomfortable. Has some one been playing a joke upon us or on Miss Durand? She seemed a very pleasant, lady-like person, and I thought the mother charming, so gentle, so reserved. But if there is any mistake, it will be most awkward about the invitation. Lady Martin's ball. What shall we do, Wilton? and Miss Rose looked the very picture of bewilderment and distress.

Nothing, nothing, said Mayne slowly, his brows drawn together in deep reflection. You see, one cannot tell—there may be something—it will be wiser not to get hurriedly. There is a friend calling tonight who may be able to—at any rate, I should wish to consult him before doing anything.

He took the letter again and became so absorbed in it, reading it and examining it with such close attention for it bore to him an aspect both threatening and inexplicable, that Dora's volatile mind grew restless at her lover's fit of abstraction.

I don't think you are very gallant, she pouted, as she wandered about the room. One would think I was not here at all. She went to the window and looked out, and then suddenly forgot her grievance. Oh, Wilton, oh aunt, she cried excitedly; there he is—just look.

Who? asked Mayne, glancing up from the letter in his hand.

My dear Dora, protested her aunt, sighing, why are you so excited?

Why, that old man I saw look out of your window the day you were away, Dora cried; you remember?—you were away and I happened to be passing and I saw an old man look out of your window, and there he is—and here, he is lame.

The other two had come hastily to the window on her summons, and saw a tall, spare, grey-haired man in rusty black and a very shabby top hat going limping by. He did not look up at all, but limped quietly on his way, and Dora's face was pale as she turned to Wilton.

I am sure it is the same man, she said. Why is he here again?

But, dear child, protested Mayne, no one can possibly have been in my rooms that day. I left everything locked up and found everything locked up when I returned.

I don't care, said Dora. I tell you I saw him as plain as possible. I shall never forget his smile, it made him look so awful, and why did he look up just now, and why did he sneak away so quickly when he saw me looking at him?

But—began Mayne, looking at her and smiling.

Oh, I tell you I'm just positive, interrupted Dora with a little stamp of

## PIMPLES BROKE OUT AROUND CHIN

Burst and Formed Ugly Scabs. Burning, then Itching. Had to Go Without Shaving for Weeks. Used Cuticura Soap and Ointment. Skin Perfectly Clear.

151 Close St., Toronto, Ont.—"I was troubled with facial eczema for nearly ten years. The first signs were pimples breaking out and then bursting and forming nasty ugly scabs around my chin. Very often the sensation was that of burning, then itching so that I scratched the sore. I had to go without shaving for weeks at a time. I tried many patent remedies but did not find a permanent cure. Every spring and fall the disease appeared at its worst. I sometimes got rid of it for a few months, then it returned as bad as ever.

About six months ago I received a sample of Cuticura Soap and Ointment and found great relief after a few applications. I purchased two boxes of Cuticura Ointment and some Cuticura Soap and used them as directed and now my skin is perfectly clear. I can shave with pleasure." (Signed) Wm. Maclean, May 27, 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough skins, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and chapped lips; nor do it so economically. A single cake of Cuticura Soap (25c) and box of Cuticura Ointment (50c) are often sufficient when all else has failed. Sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 43D, Boston, U. S. A.

were very different, for in the elder woman they were mild and frightened and in her daughter passionate and sad; and while Mrs. Durand appeared to have no chin at all Joan's was as if anything, too prominent. The expression of the whole face too, was different, for while Mrs. Durand's was weak, peevish, and complaining, that of Joan was curiously firm and deep, as of one who had not suffered much without learning much. She seemed one of those of whom the Psalmist sings who in going through the vale of misery make of it a pool in the desert, going on from strength to strength.

The relations subsisting between these two had always been quite curiously the reverse of those that there generally are between parent and child. Always it was Joan who planned, who looked forward, who endured all things to save her mother in some possible way. Ever since she could remember it had always been Joan who had had to act in the chances and changes of their wandering and unsettled life, while her mother lamented and spent her time in helplessly wringing her hands. And if as she grew older her acute and clear mind could not help perceiving that Mrs. Durand was often foolish and always selfish, yet there grew up in her a kind of tenderness, a motherly and shielding love; as towards one so feeble that from her not much should be expected.

And on her part Mrs. Durand clung to Joan with a pathetic trust and love that she with the strongest claim she could possibly have established on her daughter. Even now, while Joan had not yet been able entirely to suppress her own sobs, there was something protective and comforting in her attitude and in the pressure of her hand on her mother's arm.

(To be Continued)

Minard's Liniment Relieves Neuralgia. Naturalization Fee Reduced. London.—There is great satisfaction in the Jewish community at the announcement that the naturalization fee has been reduced from \$25 to \$10. The agitation for a lower fee has been going on since 1886, when Samuels Montagu urged upon the Liberal government the reduction of the fee to \$5. As soon as the Tory government returned to power, however, it raised the fee, but there has been a continuous agitation for the lower rate ever since.

Did you ever know a man who was stubborn as a mule to be credited with horse sense?

FLY TO PIECE! The Effect of Tea and Coffee on Highly Organized People

"I have been a coffee user for years, and about two years ago got into a very serious condition of dyspepsia and indigestion. It seemed to me I would fly to pieces. I was so nervous that at the least noise I was distressed and, many times could not straighten myself up because of the pain.

Tea is just as injurious, because it contains caffeine, the same drug found in coffee.

"My physician told me I must not eat any heavy or strong food and ordered a diet, giving me some medicine. I followed directions carefully, but kept on using coffee and did not get any better.

"Last winter my husband, who was away on business, had Postum served to him in the family where he boarded. He liked it so well that when he came home he bought some with him. We began using it and I found it most excellent.

"While I drank it my stomach never bothered me in the least, and I got over my nervous troubles. When the Postum was gone we returned to coffee, then my stomach began to hurt me as before and the nervous conditions came on again.

"That showed me exactly what was the cause of the whole trouble, so I quit drinking coffee altogether and kept on using Postum. The old troubles left again and have never returned.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## PRESIDENT SUSPENDER

NONE SO EASY

STERN SOLDIER WEEPS

Wrecked by Bullet He Would Have Chosen Grave Before Wretched Life

Constantinople, Turkey.—It is a sad experience to go to one of the military hospitals in Constantinople and watch the soldiers who were brought in there three months ago shattered with shrapnel or Mannlicher bullets from Liebig or Tchatalja, leaving the place as cured.

They are drawn up in the entrance hall for a last inspection by the medical officer in charge of the hospital. Some have been fitted out with new peasant clothes, usually by a foreign charitable fund; others wear their rough khaki uniform.

Here is a man whose left arm ends in a stump at the wrist. He is crying quietly; tears have an odd look on that tough, wrinkled face, with its shaggy fringe of beard. He came in with six wounds from shrapnel bullets and the doctors say that he has made a marvellous recovery.

Clean living, sober, strong, with the peasant's lack of any nerves to suffer from the pain and shock, he has lived through what would have killed a European soldier twice over. With the smashed leg from which he will hobble all the remainder of his days, he crawled thirty miles from where he was hit at Liebig to the field hospital at Chorus. But now he is crying, because as he says, he would rather they had let him die.

The doctor pats the grizzled fellow on the shoulder like a child, but the tears still stand in Mehmet's eyes. Where is he to go, he asks. How is he to live? He holds out his stump of an arm. He can never hold a spade or guide a plough again.

You must go to your friends, they will look after you, says the doctor, encouragingly. He has no friends and no family now, he answers. His little farm was by Kirk-Kilisse. He left it with his wife, his mother and three children. Where are they now? They must have fled the bullock cart with what they could and fled, leaving the remainder to the Bulgarians, like all the others. What has become of them since then he will never know.

Did they die of want and exposure on the way? Did they meet a worse fate at the hands of the Bulgarian peasants, rejecting in opportunities of refuge, on defenseless Turks? Did the cholera take them in that foul-smelling concentration camp among the graves and the cypresses outside the walls of Stambul? Or have they passed over, like thousands more, into Asia Minor, to live on the charity of others almost as poor as themselves among the snow?

Mehmet will never know. His wife and children are lost in the wilderness and he, a helpless cripple, is turned out into the jostling alleys of Stambul to find a living as best he may.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. The serious effects should never be used except on prescriptions from reputable physicians, as the damage they will do to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is a sure and safe remedy. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by all druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

Ring Found After Twenty Years.

Paris.—While walking along the beach at Trouville, a girl found a wedding ring on which was engraved "F. de Beaumont and Charlotte Laboulaye, 24th March, 1891." The ring belonged to the Marquise de Beaumont, who lost it at Trouville over twenty years ago while bathing.

Will Explore South.

London.—Just before his departure for New York on his steamer Mauretania, Sir Ernest Shackleton announced that he intended to head a scientific expedition to the Antarctic. The Mauretania sailed from Southampton. Sir Ernest said he would visit several points in the United States and go to Ottawa.

I was cured of Acute Bronchitis by MINARD'S LINIMENT.

Bay of Islands, J. M. CAMPBELL.

I was cured of Facial Neuralgia by MINARD'S LINIMENT.

Springhill, N.S. WM. DANIELS.

I was cured of Chronic Rheumatism by MINARD'S LINIMENT.

Albert Co., N.B. GEO. TINGLEY.

Responsible.

Mrs. Jipps, I think I have heard you say you have a cousin in the regular army. He is an officer, I presume?

Yes, he holds some responsible position, but I don't exactly know the nature of it. When he wrote to me last he said he was in the guardhouse—whatever that is.

Capetown.—The Cape department of justice is to adopt measures for the preservation of the prehistoric mural paintings attributed to Bushmen in the caves of Polesa, South Africa.

Russia Counsels Montenegro.

Berlin.—The officials of the German foreign office state that Austria will send one further note to Montenegro, so as to exhaust the possibilities of diplomacy before the character of activity of the warships change from a demonstration into offensive action.

It is understood here that Russia has counselled the Montenegrins to yield.

There is no use in fretting, but some folks do it just for amusement.

## PILGRIMS SEEK NEW ZION

Bareheaded and Starving, They Follow Leader, Whom They Personify as Christ

Moscow, Russia.—The Monk Innocentius, whose exploits have just reached a climax, has received shorter shrift than his predecessor, Ilionor. He has been arrested by the Archangel government after escaping from the monastery to which he had been exiled from Bessarabia, owing to his fanatical and immoral propaganda. It is reported that he has been slightly wounded by a bayonet thrust.

He has evidently an extraordinary personality, as 800 adherents, many of them women and children, followed him to Archangel. They regarded him as the personification of Christ, ignorantly mistaking the Omega, near to which river Innocentius was banished, for "Omaga," in the passage, "I am Alpha and Omega, in the Revelation of St. John."

Innocentius was joined by his followers after his escape from the monastery, and they started across the snow to seek the New Zion, all bareheaded and chanting hymns. A few of them were in carts and others on foot.

Their condition soon became deplorable. The temperature was below zero, and they were all frostbitten and starving. Some of them died during the pilgrimage. A detachment of rural guards was dispatched to aid them, and a Red Cross party from St. Petersburg arrived on the scene soon after.

## In the Cycle

He is so much behind the times that he will never catch up. There is some advantage to that.

What is it?

His jokes are so old that they sound like new.

A Pill That Lightens Life.—To the man who is a victim of indigestion the transaction of business becomes an added misery. He cannot concentrate his mind upon his tasks and loss and vexation attend him. To such a man Parmedee's Vegetable Pills offer relief. A course of treatment, according to directions, will convince him of their great excellence. They are confidently recommended because they will do all that is claimed for them.

There's a heap of fun in this world, and Jim Brown says he doesn't intend to miss any of it even if he has to knock off work occasionally.

What appear to be idle tears are often the busiest ones.

Tell the truth, but be careful to whom you tell it.

A woman can make the ordinary man into a pretty respectable citizen, but by the time she finishes the job he is about ready to die.

PILES CURED IN 5 TO 14 DAYS. YOUNG'S OINTMENT will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 5 to 14 days. 65c.

The old fashioned woman will have none of the vacuum cleaners that obviate the necessity of house cleaning. What would life mean to her if her semi-annual debauch of housecleaning were denied her?

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, and the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

Dysentery Cured by Injection.

Paris.—A new cure for dysentery consisting of injections of a preparation of an alkaloid known as emetine was described at the Academy of Medicine by Professor Chaffard, says Excelsior. Professor Chaffard said he made six injections in four days in a desperate case, and after some weeks a complete cure was effected.

High Prices for China.

London.—A fine old Vienna porcelain group of Ferdinand IV, and his wife, realized 260 guineas at Messrs. Pottel and Simpson's rooms recently; a group of a gardener and wife, 130 guineas; a group of a gardener and wife, 105 guineas, and an old Dresden group of King Frederick and his sister, 240 guineas.

Berlin.—The Berliner Tageblatt announces that Herr Lionel Caro, who founded the Anglo-German Union some years ago, and has acted as secretary-general of the organization ever since, died suddenly of heart failure while speaking at the telephone.

Sheriff Felled by Litigant.

Cardiff.—Sheriff McLeod was felled by a stick at Llulltgow, by a laborer against whom he had decided a compensation case. He was rendered unconscious, and was taken in a motorcar to Edinburgh for medical treatment.

The Patient's Retort

Doctor—Well, I hope you profited by my advice? Patient—Yes, doctor, but not so much as you did.

While travel broadens a man, it is not necessarily fattening.

## The Cheerful Life

It is the right of everyone to live and enjoy the cheerful life. We owe it to ourselves and those who live with us to live the cheerful life. We cannot do so if ill health takes hold of us.

The wife, mother and daughter suffering from hot flashes, nervousness, headache, backache, dragging-down feeling, or any other weakness due to disorders or irregularities of the delicate female organs—is not only a burden to herself, but to her loved ones.

There is a remedy. Forty years experience has proven unmistakably that

**DR. PIERCE'S Favorite Prescription**

will restore health to weakened womanhood. For 40 years it has survived prejudice, envy and malice. Sold by dealers in medicine in liquid or tablet form. Dr. Pierce's Favorite Prescription Tablets can be had of druggist or mailed on receipt of one-cent stamp—for \$1.00 or 50c size. Address E. V. Fierce, M. D., Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

## AUTOMOBILES

With the advent of 1918 many new cars are noted on the Canadian markets. Both new and old show many refinements and improvements over 1912. McLAUGHLIN-BUICK builders have made good their claim to a country built car.

A car built for our none-to-good Canadian roads.

A car fitted with all the latest improvements.

The prices are moderate. Careful comparison is invited with the higher priced cars and especially with cheap cars whose makers base their extravagant claims of present worth on what their cars have not, instead of what they have.

We also have some excellent values in rebuilt cars repainted and overhauled.

Call or write for price lists.

## Cluny Conservatives Hold Two Meetings

Elect Officers and Decide to Send  
Four Delegates to Convention  
Hold Social Evening, April 5

The Cluny and Ouelletteville Conservative Association are getting busy and two meetings have already been held at Cluny, Maynard's Hardware store being kindly lent for the purpose.

J. M. Telford is the president and H. M. Taylor, secretary.

At a meeting held on Thursday it was decided to send four delegates to attend the convention at Brooks on March 31st. They were selected as follows: Messrs. Telford, Russel, Conates and Maynard.

It was also proposed to hold a social meeting and supper on April 5th at which the wives and daughters of the members will be invited, to give them all an opportunity of meeting the candidate nominated at the convention.

Great satisfaction is felt throughout the district at the prospect of having Harold W. Riley as their prospective candidate.

## CORRESPONDENCE

Want Customs Office

Gleichen, Alta. April 1, 1913  
Dear Sir:—I see by your paper, the CALL, that the Board of Trade of Gleichen and citizens are trying to get a customs office at Gleichen. I hope they succeed. It would be such a help to both Gleichen and the farmers, as it seems impossible to get goods forwarded very quickly from Medicine Hat.

I had an incubator shipped me from Clay Centre, Neb. U.S., it was billed out of there April 8th, 1912. I never received same until October, 1912, of course the season was then all over for getting any use of the machine.

I consider I lost \$100 by the delay of the machine, besides many drives to Gleichen to see if it had arrived. Mr. Spurr, our agent, did all in his power to help me get this machine, but it seemed they took their own time in sending it.

Here's hoping the Board of Trade will be successful in establishing a customs house in Gleichen. I beg to remain,

Mrs. W. F. ERFORD,  
Mountain Top Poultry Farm.

Call's Customs Office Petition Too Small

Emerald Ranch,  
Hutton, Alta.

March 17th, 1913.

Editor Call:—I am sending you another list of names. I could have had a great many more, but the river broke up on the 9th of this month and is now still impassable. I have still another of your forms, but really they are too small for many names.

Mrs. J. FINNIGAN.

W. H. James, manager of the Gleichen Trading Co., has returned from a well-earned holiday spent with friends at Pincher Creek and other southern points.

The proud parents who have their babies' picture taken in the nude don't stop to think what an embarrassment they may sometime prove to the original in later life.

Mr. F. J. Milne, of the John Irwin Co., Calgary, has accepted the position of manager of the grocery department with Mr. J. A. Ramsay of the Busy Store. Mr. Milne is a grocer of splendid reputation and comes to his present position with recommendations of a high order.

There is no doubt of it. Advertising brings home the sweetness. Recently a gentleman in Gleichen advertised in the CALL for a girl. The paper hadn't been out an hour before a girl had been born to him and his wife and the new arrival is feeling. We know a number of people who should advertise.

## Get Your Canadian Home From the Canadian Pacific

### WESTERN CANADA'S DAY

This has been referred to as Canada's Century. In eastern Canada we use no such general term—this is Western Canada's century, decade, year, month, week and day. With the passing of each twenty-four hour period, new business blocks and homes are under construction, new lines of railway have pushed on a little further, and each day is brighter than the one preceding.

There is no safer or surer investment today than the farm lands in Manitoba, Saskatchewan and Alberta. If you wish your dollars to work every Western Canadian Day, call on or address

**CANADIAN PACIFIC IRRIGATION  
COLONIZATION COMPANY, LTD.**  
CALGARY, ALBERTA

Many growing girls in school or business are frail—delicate—anaemic—lack energy and ambition and have thin blood. It is all unnatural and unless checked leads to serious and chronic ills.

Nourishment, not drugs, is the law of reason to build strength—but when appetite is poor and digestion weak, ordinary foods do not nourish—then **SCOTT'S EMULSION** is necessary.

**SCOTT'S EMULSION** overcomes just such conditions; its tissue material enters the blood without digestive effort and makes it rich. It tones the whole system and starts the healthy action of cells throughout the body.

Imitations are often offered, but to get results you must get **SCOTT'S**.  
Scott & Borne, Toronto, Ontario

#### MOTORIST KILLED BY TRAP

Man Almost Decapitated by Thick Rope Slung Across the Road

Berlin, Germany.—An automobile murder of a peculiarly atrocious character occurred near Henningsdorf, a village about an hour's train journey from Berlin. A Jeweler, named Plunz and his wife were killed, and their eldest daughter was seriously hurt.

Plunz, his wife and their two daughters had been driving in the neighborhood all day, and were returning home to Berlin about 8 o'clock. In another motorcar following, was a friend, Herr Jahuke, whose car was about two miles behind.

Plunz's car, steered by Plunz himself, arrived at a part of the road with trees growing on both sides. Here some ruffian or ruffians a short time previously had stretched a wire rope about half an inch thick across the road. One length of the rope was about the height of the top of the wheels of the motorcar, and another was about breast-high of the passengers.

Plunz's car came with full force against the rope, which had been fastened to trees. The rope caught Plunz, and nearly decapitated him, and caught his wife in the face. It tore out her eyes. Both were flung from the car with great violence. Frau Plunz broke her neck in her fall. Their younger daughter, who was sitting beside her father, escaped injury.

The police are sure that robbery was intended, but that the murderers were frustrated in their purpose by the arrival a little later of Herr Jahuke's car. The road is largely frequented by Berliners visiting the pretty northern neighborhood of the city.

Minard's Liniment for sale everywhere.

Mostly

A woman can't throw a thing straight to save her life.

Oh yes. There's one thing she can throw straight.

What is it?

A cutting remark.

Perhaps one reason why the fool killer is out of a job is because he soldiers on it.

## SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion."—Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicine highly praised, and a year ago I began taking them for falling of womb and ovarian trouble. "My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated. "I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial."—Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada.

W. N. U. 944

#### RETAILERS CONVENTION

Great Preparations for Gathering at Regina, Next May

Already seven committees comprised of the hustlers of Regina, Moose Jaw and Saskatoon are busily engaged in making all necessary preparations for the holding of a monster retailers convention in the city on May 5, 6, and 7.

In addition to giving the retailers plenty of food for thought as to the best methods of conducting their business, it is proposed to give them a relaxing good time while in the city. The ladies who will undoubtedly accompany their husbands will also be taken care of. The entertainment has already announced that it will make special arrangements for the entertainment of the ladies, and it has been suggested that one afternoon might be taken up by a luncheon at the parliament buildings, if such could be arranged.

In the way of general entertainment, it is proposed to make arrangements with the Regina Theatre management to have a good musical comedy as the attraction on the last night, when the

H. G. SMITH.  
Instigator of Movement for Retailers Convention at Regina on May 5, 6, and 7.

entire house would be bought for the visitors by the special committee in charge of the entertainment. It was at first thought that the vaudeville might be more attractive from the visitors' point of view, but the majority considered that the city should not spare expense in getting the best production possible.

In order to assure a large attendance the transportation committee has entered into negotiations with the railway companies with a view to securing cheap fares to and from Regina during the time of the convention. Following out that idea the publicity committee has also instructed the secretary to circulate the retailers throughout the entire province, and other means are also being engaged to get into touch with these merchants. The Knights of the Grip will work hard in the interests of the convention from now until the time of meeting. The United Travellers have formed a committee and the Northwest Commercial Men's Association has also selected a committee to work in conjunction with the travellers. It is altogether likely that the travellers will take an active part in the programme of entertainment to be provided.

No Asthma Remedy Like It. Dr. J. D. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. Were this not so it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's the foremost and best of all asthma remedies, stands upon a reputation founded in the hearts of thousands who have known its benefit.

#### MADAME WANTS HENS

Wife of France's Ex-President and State Department in Amusing Quarrel

Paris, France.—An amusing example of official red tape is furnished by a dispute between a state department and ex-President Fallieres about the poultry yard, which Mme. Fallieres kept at the presidential chateau of Rambouillet.

Mme. Fallieres found when she took up residence a very inferior breed of poultry to that which she boasted at her country home in Lot-et-Garonne. She imported thirty-four of her best poultry, and the state department of domains added two black Houdan cockerels.

Now that she has left the official residence, Mme. Fallieres proposes to take her poultry with her. But the department has intervened. Mme. Fallieres took thirty-four fowls to Rambouillet, said the department. Mme. Fallieres is at liberty to take away thirty-four fowls—no more.

The ex-president's wife protested energetically that in seven years the original fowls had multiplied considerably. The department replied that in that case the imported hens had taken the place of the original number which Mme. Fallieres found on arrival, and that they consequently did not belong to her. Moreover, proceeded the department, if the number has increased so greatly, the poultry must be the descendants of the two state cockerels.

Mme. Fallieres replied that the state cockerels died long ago. Granted, said the department, then the cockerels which are there now take the place of those so generously provided by the state.

There the dispute stands at present. Some people can't worry over big things because they are so busy doing a similar service for the little things.

It is comforting to observe that the crazy people always take a view contrary to our own.

#### AID FOR STEFANSSON

Explorer Starts Gathering Members of Expedition From Men of Proved Experience

London.—The council of the Royal Geographical society at its forthcoming meetings will consider a resolution voting to Vilhjalmur Stefansson, the Canadian arctic explorer, a substantial grant toward the cost of his expedition to the north, which is being made under the auspices of the Canadian government.

Monsieur Reuchat, the famous French anthropologist, who a few days ago offered his services free to the government authorities at Ottawa, came to London to confer with Stefansson, and was selected to accompany the expedition. Two Englishmen will also join the expedition; Dr. Janness, of South Sea Island fame, has already been chosen, and the second man will probably be Prof. Murray, who directed the scientific staff on the Shackleton expedition.

#### ANOTHER PROOF FROM THE WEST

THAT DODD'S KIDNEY PILLS ARE A NATURAL REMEDY

For Cases of Exhaustion and Nerve Weakness—How S. Jeremy Found Relief When He Cured His Kidneys.

Sniatyn, Alta., (Special).—That the natural remedy for exhaustion and nerve weakness is one that will give good circulation and pure blood carrying nutrition to all parts of the body, is again proved in the case of S. Jeremy, a well-known resident of this place.

"For over two years I suffered from a lack of exhaustion and nerve weakness," Mr. Jeremy states. "I tried many nerve foods and tonics but must admit that Dodd's Kidney Pills have benefited me more than anything else I ever used."

"I am more than grateful for what Dodd's Kidney Pills have done for me."

Nerve weakness and exhaustion are caused by impure blood. Impure blood is caused by diseased kidneys failing to strain the waste matter of the body out of the blood. The natural remedy is to cure the kidneys. Dodd's Kidney Pills have yet to find a case of kidney disease they cannot cure.

#### Disappointed

George has told me all the secrets of his past. Mercy! What did you think of them? I was awfully disappointed.

#### PARADISE DESERTED FOR WEST

Pretty English Village Pours Best of Population Into Dominion of Canada

London, England.—High up among the hills of Oxfordshire, between the villages of Combe and Stonesfield, there is a little place called by a freakish fancy Paradise. In some respects it is not inaptly named. The country is extremely beautiful; the land fruitful. But the inhabitants are leaving it—leaving Paradise not singly but in scores out of their scanty hundreds for a golden vision in the west.

Next April a party of nearly fifty people will leave Combe and Stonesfield for Canada, more than 5 per cent of the population. From Charlbury, a rather larger village in the vicinity, another fifty are going at the same time. Whole families have emigrated; fathers, going first, have sent home for their wives and children; brothers have sent for brothers. Nearly 150 people have left the two smaller villages out of a combined population of about 500.

Young Combe and young Stonesfield abroad are doing remarkably well. The tales of their doings fire the blood of the stay-at-homes. There is the first of the Woodleigh boys who went out last spring, and in the course of a year has sent home nearly \$500. Two brothers are joining him this spring and one more next year. The climate in the west seems to work strange transformations of character.

One man who was not noted for hard work at home got off nine months ago, and to the joy of his wife, besides sending her home \$4 a week regularly, has now forwarded \$200 for her passage and to buy warm clothing.

From the Black Head Inn at Combe the whole family is migrating. Six years ago the eldest son was the pioneer of emigration from the village. In Canada he has married and has a house of his own, for which he has been offered £1,000. His father followed him a year ago, and in the twelve months saved nearly \$500. He has returned to feed his wife and all his children; his son-in-law and all his family.

It is a poor man's man who considers a bird in the hand worth two in the bush.

Because a girl is afraid of a mouse is no sign that she can bear a cat.

FOR YOUR BATH  
**SNAP**

It imparts a delightful glow of vigorous health to the body. It leaves the skin soft and smooth. It keeps your kidneys and bowels clean and healthy. It does the work of your doctor's salts.

Your Doctor Says Snap. Snap Company Limited, Montreal.

#### OUTSPOKEN AGED BISHOP

Views Expressed by Him Create a Big Sensation Throughout Italy

Rome.—It is stated Mgr. Bonomelli, the octogenarian bishop of Cremona, who is known in Italy as 'The Patriotic Bishop,' has just published a remarkable pastoral on 'The Papacy and Italy; the Church and Politics.'

Writing of the ugly quarrel between the vatican and the kingdom of Italy, which has now been protracted for over sixty-three years, the bishop says: The strongest loves that sway men are those of their faith and fatherland, and when these are made to clash, men, especially the younger men, come to feel divided against themselves. How many, during the period since this deplorable feud was started have abandoned their interest in Catholicism, quitted the church, and even combated it! What a massacre of souls has been and is still being made! I should bless Providence at my advanced age could I, before descending to my grave, see this long-desired conciliation effected, and the banner of Italy waving over the altars beside the Cross of Christ.

Mgr. Bonomelli says there never was an epoch when it was more necessary for intelligent Catholics to distinguish between what is human and corruptible and transitory in the Roman Catholic Church and what is divine, immutable, and permanent.

This liberal-minded prelate further vindicates the right of Italy to full liberty in all political, civic, and other matters outside the doctrinal and moral teaching of the church.

As for the clergy, they may be in a somewhat different position, since they form a class apart under special laws of discipline. The pastoral has caused quite a stir throughout Italy.

#### TO CURE A COLD IN ONE DAY

Take LAXATIVE HEMO-QUIET Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

#### Population of Russian Prisons

St. Petersburg.—Remarkable statistics have been laid before the Duma recently with regard to the population of the Russian prisons. It appears that between the years 1905 and 1911 the number of the prisoners in Russia had increased by 95,000 and that the increase was largely among the political prisoners. From 1903 to 1911 the expense of all departments concerned had increased by 83 per cent.

Acts of terrorism in Russia during the last few years have been of rare occurrence. It is not anarchism, which is filling the prisons, but trade unionism and socialism. The information regarding the prisons was laid before the Duma as a result of inquiries instituted into the large number of cases of suicide reported from the prisons.

There's only one thing worse than having to shovel coal, and that is not having any to shovel when the mercury hits the zero mark.

#### SPRING BLOOD IS WATERY BLOOD

How to Get New Health and New Strength at This Season.

Spring ailments are not imaginary. Even the most robust find the winter months most trying to their health. Confinement indoors, often in overheated and nearly always badly ventilated rooms—in the home, the office, the shop and the schools, taxes the vitality of even the strongest. The blood becomes thin and watery and is clogged with impurities. Some people have headaches and a feeling of languor. Others are low-spirited and nervous. Still others are troubled with disfiguring pimples and skin eruptions, while some get up in the morning feeling just as tired as when they went to bed. There are all spring symptoms that the blood is out of order and that a medicine is needed. Many people take purgative medicines in the spring. This is a serious mistake. You cannot cure yourself with a medicine that gallops through your system and leaves you weaker than when you started. This is all that a purgative does. What you need to give you health and strength in the spring is a tonic medicine that will enrich the blood and soothe the jangled nerves. And the one always reliable tonic and blood builder is Dr. Williams' Pink Pills. These Pills not only banish spring weakness but guard you against the more serious ailments that follow, such as anemia, nervous debility, indigestion, rheumatism, and other diseases due to bad blood. Miss Lillian Howe, Portland, Ont., says: "A little over a year ago I was in a very anemic condition, suffering from most of the symptoms of that trouble. Often I spent sleepless nights, and felt as though I did not care whether I lived or not. In this condition I began taking Dr. Williams' Pink Pills, and after the use of ten or twelve boxes I was restored to the blessing of perfect health. I feel, therefore, that I cannot say too much in praise of this medicine."

If you are ailing this spring you cannot afford, in your own interest, to overlook so valuable a medicine as Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Mistress—I shall want you to be dressed by 3 o'clock, Ellen, to receive my friends that may call. Ellen—Oh, thank you, mum! Ain't you going to be in?

Much of the original sin to be observed about us doesn't show many signs of originality.

Minard's Liniment Cures Dandruff.

When a man gets the better of us we are inclined to believe all the mean things we ever heard about him.

The man who waits for opportunity to knock finds the waiting good.

#### Isle of Wight Crumbling

London.—Further serious falls of cliff at Atherfield, Isle of Wight, have again rendered the lifeboat useless by damaging beyond repair the launching slipway from the top of the cliff to the beach, which is the only means of launching the boat. It will be several months before another slipway can be constructed.

The most obstinate corns and warts fail to resist Holloway's Corn Cure. Try it.

#### A Good Word for the Flat

London.—Doctor Redpath, medical officer of health, has reported to the Woodbridge urban council that of 3640 rats destroyed by the council's order, one-half were examined microscopically and in no case was there any suspicion of disease.

#### Buffaloes Change Habit

Capetown.—A Radclyffe Dugdale, lecturing at the Camera Club on his experiences in British East Africa, where he stalked game with the camera, said that a curious change had taken place in the habits of the African buffalo, which had become a nocturnal creature. It seemed possible he added, that this was a protective device, as the fly which carried rinderpest was diurnal.

He who has not done that which he ought not to have done has missed a lot of fun.

Rome.—The Duchess of Genoa had a narrow escape from being burned to death. While anointing her arms and neck with a preparation for rheumatism, she approached too closely to a spirit lamp, and the preparation ignited. The duchess was saved by her maid who smothered the flames.

A contrary man is one who won't listen to the good advice we pour out for his benefit.

We could stand for our continued bad luck if it were not so monotonous. We constitutionally hate monotony.

The boss isn't round loudly proclaiming who he is.

"Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto."

## DESOLATION IN OHIO

## TOLL OF DEATH BELIEVED TO BE ENORMOUS

Estimated Dead is Placed at Three Thousand with Property Damaged to the Amount of One Hundred Million Dollars as Result of Floods and Fire.

Dayton.—Dayton is a city of the dead and dying, homeless and grief-stricken. Its tragic story will not be known until the last dead body has been taken from the flood that covers half the city and the last charred body from the ruins of fire that spread unchecked through the south of the city. "The whole story" will never be told, the heroism of men, martyrdom of women, mad hysteria, that seized some and caused them to jump into the flood to death, or the tortures and despair that gripped those who, imprisoned in their homes by water, waited in vain for help until advancing flames came and destroyed them.

Down the great Miami Valley, the richest farming section in Ohio, big farm houses, barns, stock and human bodies are scattered together on floods sweeping down stream. In several places the valley contracts to less than half a mile in width, and through these sections, the raging torrent is sweeping with tremendous force tearing away all obstruction. Big hotels are crowded, department stores are flooded. Jail crowded with prisoners is inundated; fashionable churches are awash.

No tents nor other shelter could be secured for the sufferers. The most heartrending feature of the situation was the pitiable terror of the women and children. Many sat up and sobbed throughout the night, refusing to be relieved, while fathers who missed wives and children cried their grief in a nerve-shaking way that strong men have of voting sorrow. There was no one to give consolation because no one knows or will know for several days what the cost in lives is. Children are lost, having been parted from their mothers in the turmoil. Dayton is a lost city; it is completely separated from the rest of the world. Its isolation is almost primeval.

Columbus, Ohio.—Ohio is experiencing the worst floods in its history. Many estimate that the damage to property is the greatest since Galveston, Texas, was literally swept off the map.

So appalling and seemingly exaggerated were many reports from flooded cities and towns, that they were disputed and in many instances wholly disregarded. Later reports from these sections, however, many times confirmed what seemed to be wild rumors. In other cases reports proved not to be correct. The various news agencies of the state are working under great difficulties in securing accurate reports because of crippled wires.

Although reports of distress and disaster are coming from every section of the state, the greatest damage and loss of life from all reports, is at Dayton. The conditions there beggar description. While the business section of the city is practically all under water and the estimated loss of life is appalling, fires are adding to this by increasing death toll. The lurid light from burning buildings add horrors to the stricken city. Loss of life is estimated at from hundreds to thousands.

Cleveland, Ohio.—Late reports from stricken sections show the loss of life has been heavy, but so far no accurate estimate of the total number of killed is possible. That 500,000 persons have been rendered homeless and property damaged to the extent of half a billion dollars appears certain. Miami River valley, including the towns of Dayton, Hamilton and Piqua, is an 80-mile long strip of devastation. The Wabash river, bursting its banks at Peru, Ind., has brought havoc upon towns throughout its length.

Throughout other sections of both states smaller rivers have flooded towns and hamlets by scores, and passing eastward the rising of waters now threatens to visit similar destruction upon the vicinity of Pittsburgh, Wheeling and other cities on the Ohio and Allegheny rivers.

Governor Cox made a requisition on the Federal War Department for fifty thousand tents, rations, medical supplies, surgeons, and nurses. He also sent special appeals to President Wilson and Secretary of War Garrison.

## President Asks for Aid

Washington.—The following appeal for victims of the floods in the middle western states was issued by President Wilson.

Terrific floods in Ohio and Indiana have approached the proportions of a national calamity. The loss of life and the infinite suffering prompts me to issue an earnest appeal to all who are able, in however small a way, to assist the labors of the American Red Cross to send contributions to the Red Cross Society at Washington or to the local treasurers of the society. We should make this a common cause. The needs of these upon whom this sudden and appalling disaster has come, should quicken everyone capable of sympathy and compassion to give immediate aid to those who are laboring to rescue and relieve.

## Attempt to Check Hunger Strike

London.—The Rt. Hon. Reginald McKenna, home secretary, will introduce a bill in the commons in an effort to secure legislation to deal with the hunger strike carried on by imprisoned suffragettes. It is hoped that with the passing of the bill, which has not been made public, that the government will then be in a position to deal with the tactics of the imprisoned women. The home secretary will also introduce a mental deficiency bill.

## Largest Elevator in World Completed

Port Arthur, Ont.—The new eighty-tank addition to the Canadian Northern elevator, the largest in the world, is completed. The total capacity is now over nine million bushels. This will relieve the yards which are blocked with cars of wheat. Another similar unit is contemplated this summer.

## WESTERN CANADA'S ANNUAL SPRING MUSICAL FESTIVAL

Winnipeg and Western Canada's Annual Spring Musical Festival is near at hand, the dates being Monday, Tuesday, Wednesday, April 7, 8, 9, and the place, as usual, the Walker Theatre, Winnipeg, as this is the only structure in Western Canada sufficiently large and properly equipped for such large audiences as always assemble for this big musical event, also with such splendid stage accommodation for the musicians and such perfect acoustics.

The musical festival will again be under the auspices of the Winnipeg Oratorio Society and the famous Minneapolis Symphony Orchestra, under the leadership of Emil Oberhoffer, will be the principal feature. Four prominent metropolitan vocal soloists, and three equally well-known and gifted instrumental soloists, will participate. There will be daily matinee concerts, in addition to the three night concerts.

The Minneapolis Symphony Orchestra will render many numbers entirely new to the West, also some of the very best symphonies and operatic selections. The Winnipeg Oratorio Society will be heard in fine selections, and the school children of the city will again take part.

Emil Oberhoffer, conductor, Minneapolis Symphony Orchestra at the Walker Theatre, April 7, 8, 9. Matinees Daily.

The sale of coupon books and exchange tickets will begin Monday, March 31st. Full information regarding these may be obtained by addressing C. P. Walker, Walker Theatre, or J. J. Moncrieff, The Tribune, Winnipeg. Mail orders will be filled on Wednesday, April 2nd. The general sale will open Thursday, April 3rd, at 10 a.m.

No musician or lover of music can afford to miss this important musical season, as it will prove a liberal education. Another big musical event which will follow close upon it will be the recital at the Walker Theatre on April 14th by John McCormack, the world-famous Irish tenor. Mr. McCormack has a voice of wondrous sweetness, and he sings the beautiful Irish, English and Scotch ballads as no other singer of this country has yet done. He has perfect expression and great personal and vocal magnetism. To hear him sing such songs as "Mother Macdoree," "Kathleen Mavourneen," "I Hear You Calling," is to store away in your memory a golden voice to live there forever in joy.

Monday evening, April 14th, is the date of his recital at the Walker Theatre, Winnipeg.

## Implement Firms are not Pleased

Edmonton, Alta.—The statement is made here that at least three big implement firms are considering the withdrawal of their agencies from Alberta on account of the passing of the Farm Machinery bill by the Alberta government. The local manager of the Rumely company has advised the official at the head office of this company that it will be no use retaining their agencies in Alberta in view of legislation that has been passed.

It is also stated that the Gould, Shepley and Moore company and the Ontario Wind Engine and Pump company are considering withdrawal from the province. Circulars have been sent out by the International Harvester company to all their agents with regard to the new legislation and branch managers are awaiting further instructions from the head officials.

## Easterners Too Sure of Western Business

Calgary, Alta.—Alleging indifference of Eastern Canada manufacturers to the necessity of factory extensions in Western Canada, the directors of the Calgary Industrial Bureau approved the report of their president and industrial commissioner advising concentration of efforts in the central and northwestern states. President Devenish and Commissioner Miller have just returned from an extensive eastern tour and claim that the Eastern Canada manufacturers feel too secure of the western business to appreciate the position of the prairie provinces with respect to local manufacturing requirements.

## Good Progress on Kamloops Lines

Kamloops, B.C.—Engineers' reports of railway construction work now going forward in this section of the West indicate the connecting up of many important branch lines and the opening of extensive areas of new territory during the coming season. A gap of only about 50 miles now separates the construction gangs working north from Kamloops and from Yellowhead Pass on the C.N.R. Track-laying along the North Thompson river north from Kamloops is also making rapid progress. On the Kamloops and Port Mann line the grading and bridge work is going forward steadily; and tunnel work between Kamloops and New Westminster lacks but about 5 per cent. of completion.

## THE MARKET REPORT

Weekly Grain Letter Supplied by Thompson, Sons & Co., Grain Merchants, Winnipeg

Winnipeg, March 25th.—The Easter holidays have interfered somewhat with trade in the Wheat markets this week. Liverpool has been closed four days, Winnipeg two and the United States markets one. What trading has been done has resulted in a fair advance in values. Shorts have been the principal buyers evidently fearing to remain short over the holidays. Foreign markets have been firm but the main cause of this week's buying has been reports of high winds in Kansas and the possibility that damage would result if they continue for a period of any length. That there is at the present time occasion for worry is, of course, stretching the imagination but news of this kind acts as a sort of compensation in that the favorable indications having been a bearish influence the first intimation of change produces moderate bullish results. It is also a reminder that the wheat situation is now entering that interesting time when old crop statistics are forgotten and consideration of the coming new crops becomes paramount. The spring wheat crops of America have not yet become a factor but any indication of unfavorable conditions in the United States winter wheat belt will be closely watched. With the fields there well moistened down and the plants well rooted, there is no immediate danger of damage so what ever concern there may have been this week regarding high winds is not based upon very substantial ground, but in a market overdominated by bearishness it serves as an excellent leverage to higher quotations. Moreover it is not to be forgotten that heavy as the statistical situation appears to be in America, on the surface at least, there is the strong international position of wheat, with prices on this side closely adjusted to a basis which permits sales of wheat for foreign account. The statistics to be sure suggest that the surplus remaining in America to be disposed of abroad is, undoubtedly more than ample to meet Europe's needs, but the underlying conditions of any market resting on a commercial basis, with no evidence of inflation, do not permit much selling pressure without sharp rallies even though the demand at the moment is not broad. The situation however, has not shown evidence of real strength this week despite rumors of export business and the high wind reports from Kansas. The buying has been mostly short covering which is only of momentary benefit unless there is a broadening of the general buying power. Foreign crop news continues favorable. Weekly statistics are not quite as bearish as they have been lately. The amount on ocean passage shows an increase of 1,899,000 bushels and now is 59,632,000 bushels compared with 46,600,000 bushels a year ago. The United States visible supply is expected to show a fair sized decrease for the week. This week's statistics however are not complete owing to the holidays and wire trouble. The world's wheat shipments were 696,000 bushels less than the previous week and 488,000 bushels more than corresponding week last year.

The Winnipeg market has been stronger in sympathy with the higher quotations in Chicago and Minneapolis but both future and cash trading has been dull. Offerings continue light and there has been no export enquiry due to lack of cables during the greater part of the week. The lower and tough grades have been in good demand and have advanced 1/4c. to 1 1/4c. on the week. The contract grades are 1/4c. higher. Today's closing prices are No. 1 Northern, 85 1/2c; No. 2 Northern 82 1/2c; No. 3 Northern 79 1/2c; No. 4 wheat, 77 1/4c; No. 5, 72c; No. 6, 66c. Feed, 57 1/2c. No. 1 Alberta Red Winter wheat 87 1/2c; 2 A.R., 84 1/2c; 3 A.R., 81 1/2c; No. 4 A.R., 79c. Futures closed May, 87 1/2c-88c.

The high price paid for milk and cream, while somewhat detrimental to creameries has given great incentive to dairymen, and many farmers are now milking more cows than formerly. The total value of cream and butter and cheese produced in the province during the year is estimated at \$1,250,000.

A rapidly growing interest in poultry raising is reported by the poultry superintendent. The markets, generally speaking, were good, and a marked improvement is noted in the quantity and quality of dressed poultry offered for sale.

Reservists May Rejoin Navy  
London.—The admiralty has announced its intention to allow pensioners and fleet reservists to re-enter the navy survey ships in home waters. In naval circles it is believed that this move indicates the difficulty which is being experienced in England in manning the fleet.

Italians Defeat Arabs  
Tripoli.—The Italian forces recently defeated a band of Arabs. The Arab losses numbered 220 killed and many wounded. On the Italian side the casualties were 24 dead and 123 wounded.

Too Cold to Prospect  
Vancouver.—A despatch from Silver Creek, a new gold field in Northern British Columbia, says that prospecting work has been rendered very difficult by the severe weather, for the thermometer has been standing at 30 below recently. It is impossible to thaw out the ground.

No Reception for Duke and Duchess  
London.—No official reception will be given their Royal Highnesses, the Duke and Duchess of Connaught, at either Liverpool or London on their arrival. The Duke himself desires this, being at home merely on leave.

PRINCESS MARIE OF GREECE, BORN BONAPARTE, AT THE FRONT

July, 89 1/4c; October, 86 1/4c.

Oats.—Enquiry for oats is only fair. Tough grades are slightly firmer. Today's cash prices are No. 2 C.W. oats 22c; 3 C.W., 25c; extra 1 feed, 30 1/4c; 1 feed, 29 1/4c; 2 feed, 28c. Futures closed May, 33 1/2c; July, 34 1/4c.

Barley.—There has been a moderate demand for barley and prices are 1/4c. higher. Today's closing values are No. 3 barley, 47 1/4c; No. 4, 45 1/4c; rejected, 40c, feed 39c.

Flax.—The flax market has been firm and steady for the greater part of the week although today's prices are only a fraction higher than what they were a week ago. Today's prices are 1 C.W. 109c; 2 C.W., 106 1/2c; 3 C.W. 97c. Futures closed May 111 1/2c; July, 113 1/2c; October, 117 1/2c.

All prices quoted above are for in store Port William, Port Arthur and Duluth.

## AGRICULTURE GROWTH

Greater Wheat Area and Crop Yield and Improvement in Mixed Farming Reported.

Edmonton, Alta.—The report of the Alberta department of agriculture, covering the work of the department for 1912, was laid on the table in the legislature by the minister of agriculture, Hon. Duncan Marshall. The report shows that there has been great activity in all lines of the departmental work. Crop statistics are hardly complete, as final returns are to be made by threshers have not all been received; it is estimated however that when all the returns are in they will show approximately 2,525,708 acres in crop, giving a total yield of all kinds of grain of 64,500,130 bushels. This is an increase of 793,000 acres and 13,625,571 bushels over 1911. To assist in gathering the harvest 8,000 harvesters were brought into the province, through the work of the department's officials at Winnipeg.

The high price paid for milk and cream, while somewhat detrimental to creameries has given great incentive to dairymen, and many farmers are now milking more cows than formerly. The total value of cream and butter and cheese produced in the province during the year is estimated at \$1,250,000.

A rapidly growing interest in poultry raising is reported by the poultry superintendent. The markets, generally speaking, were good, and a marked improvement is noted in the quantity and quality of dressed poultry offered for sale.

## CANADA PARTY TO JAPANESE TREATY

Premier Will Introduce Bill Making Exceptions to Terms with Great Britain

Ottawa.—The government has decided that Canada shall become a party to the treaty between Great Britain and Japan, which was concluded in 1911. It is termed a treaty of commerce and navigation, and was entered into on the understanding that it should not apply to any of the British Dominions except such as should within two years signify their adherence to it. The two years will expire on April 3 and the prime minister has given notice of the introduction of a bill in the commons giving Canada's adherence to the treaty. In brief, the British treaty places the subjects of either power upon terms of equality with native subjects in both countries a regards right of travel, residence, commerce, possession of property, immunity from extra taxation and reciprocal freedom of trade and commerce. It also provides that articles the produce of manufacture of either country shall not be subjected to higher duties other than levied upon similar articles from other foreign countries. And further that there shall be reciprocal freedom of shipping, except as regards coasting trade.

The Dominion Act, however, will make provision that nothing in the treaty shall affect the terms of the Canadian Immigration Act. Another exception is that the section of the British treaty providing for reciprocity in certain articles shall not apply to this country. Under this article of the treaty raw silks, copper, lacquered ware and other products of Japan are admitted free into the United Kingdom.

The Dominion Act, however, will make provision that nothing in the treaty shall affect the terms of the Canadian Immigration Act. Another exception is that the section of the British treaty providing for reciprocity in certain articles shall not apply to this country. Under this article of the treaty raw silks, copper, lacquered ware and other products of Japan are admitted free into the United Kingdom.

## FALL OF ADRIANOPLE

VICTORY OF BALKAN ALLIES IS NOW COMPLETE

Shukri Pasha, Who Made a Gallant and Prolonged Defense of Adrianople, Was Forced to Surrender to the Besiegers—Jealousy Among the Victor.

London.—Adrianople has fallen after one of the most stubborn defenses in the history of warfare. Shukri Pasha, the defender of Adrianople, who held the town for 153 days against great odds, which included, besides the investing armies, disease and famine, handed his sword to Gen. Savoff, the Bulgarian generalissimo, not, however, before carrying out his stern threat to destroy the town rather than let it fall into the hands of the Bulgarians.

From all accounts the arsenal and all the stores and a great part of the town are in flames. It is also reported that Shukri Pasha had taken his own life, but this proved to be untrue, as after visiting all the fortifications and deciding that resistance was no longer possible, he sent word to Gen. Savoff, to whom he made submission, that he was burning the city. Gen. Savoff has appointed a commandant of the city, who will take steps to maintain order. The Bulgarian and Serbian cavalry, which was the first to enter the town, will be utilized for this purpose.

The battle which preceded the capture of the fortress commenced Sunday night with a three-hour bombardment. The Turks replied with energy, but they were evidently saving their ammunition as the artillery duel soon ceased.

The besieging troops in the east advanced at double-quick under the glare of searchlights to attack the advanced works at Haslak. After a fierce defence, which lasted through Monday, the Turks retired from the light forward works and forts. Part of these engaged in covering the retreat of their comrades, were cut off by the Bulgarians and captured.

After moving forward a short distance towards the chief bulwark or fortress the Bulgarians rested. It was then observed that although great progress has been made in the east, the fighting in other sections had resulted in enormous losses to the Bulgarians, with small gain of ground. Nevertheless the attack was renewed, and on Tuesday and Wednesday the important forts composing the inner ring of the defenses were taken after hard fighting.

Those accounts of the battle which have come from Bulgarian sources make no mention of the Serbians, of whom there seems to have been a good deal of jealousy among King Ferdinand's troops.

The Serbians, on the other hand, who have only leased a brief report of the capture, divide the credit with their allies and are apparently not quite so eager to hide their heavy losses. According to a despatch received at Belgrade from Mustapha Pasha, the sacrifices were very heavy. The Serbian thirteenth and the Bulgarian eighteenth regiments were blown up by mines, and many other regiments sustained great losses. All the reserve hospitals have been put in order to receive thousands of wounded.

## OTTAWANS TO GO NORTH

Representatives of Various Government Departments Will go to the Arctic

Ottawa.—A number of Ottawans will accompany V. S. Steffansson, the Canadian explorer, who will shortly leave on a two-years trip to the north. They will represent the interests of various government departments which may be interested in the results of the expedition, such as the mines, interior and probably marine departments. The names, however, have not yet been announced. Steffansson himself is now away on a trip to the Old Country, but will return in April. His cases of specimens arrived at the museum lately and are now being arranged.

London.—A spaniel, which was trapped on a ledge 300 feet high, on the face of the Dover eastern cliffs, was rescued by a coastguard, who was lowered down the cliff by a rope.

## THE SUNDAY SCHOOL

LESSON 1.—SECOND QUARTER, FOR APRIL 6, 1913

Text of the Lesson, Gen. xxvii, 22-34. Memory Verse, 33, 34—Golden Text Isa. xxx, 18.—Commentary Prepared by Rev. D. M. Stearns

Seven other sons, including Ishmael, are recorded as having been born to Abraham by his secondary wives, but to Isaac he gave all his possessions (xxv, 1, 2, 5) and sent the others away unto the east country. Abraham lived 175 years, and when he died Isaac and Ishmael laid his body beside that of Sarah in the cave of Machpelah (xxv, 7-10). While he lived he looked for the city which had foundations whose builder and maker is God (Heb. xl, 10, 16), and he is still waiting for it and for the complete fulfillment of the promises made to him as heir of the world (Rom. iv, 13). Time is long, to us, but not to Him to whom a thousand years are but as yesterday when it is past (Ps. xc, 4) and as a watch in the night.

It is useful to see Isaac dwelling by the well Lahai-roi, the well of Him that liveth and seeth us (xxv, 11; xvi, 14, margin). He was forty years old when he married Rebekah, and he was sixty when the twins Jacob and Esau were born. It forbodes trouble to read that Isaac loved Esau, but Rebekah loved Jacob (xxv, 28-29), and the reason given for Isaac's love for Esau does sound very earthly.

Futures were not any more real to Esau than they are to multitudes today. A mess of pottage was more to him as a hungry man than his birthright (xxv, 29-34), and for this he is spoken of as a profane person, or, according to Weymouth, ungodly (Heb. xii, 16). Think of the profanity bounding everywhere because the god of this world is blinding so many eyes to the realities of the future kingdom and glory.

In chapter xxvi we read of Isaac's failure on the same line on which his father had failed twice, in calling his wife his sister to save his own life (Gen. xii and xx). In xxvi, 4, we have the star promise confirmed to Isaac, and in verses 12-16 we see how greatly the Lord blessed him and how very rich the blessing of the Lord makes one.

A beautiful incident is related in verses 17 to 33 as to how yielding instead of strife makes manifest the life of Christ in us. The Philistines had filled up some of Abraham's wells, Isaac reopened one, and then they claimed it as theirs, and he let them have it. When he reopened another a third for some reason they did not strive for that. Later they came to him to make a covenant with him and gave as their reason for desiring it, "We saw certainly that the Lord was with thee" (verse 28). Had he contended with them and insisted on keeping the wells, which would have been quite right in the eyes of the world, they would have seen Isaac and not the Lord, but he had learned the lesson of rather taking wrong and suffering himself to be defrauded (1 Cor. vi, 7). It is most interesting to note that the same day his servants in digging a well found water (xxvi, 32).

It is indeed sad to have to turn from such a beautiful incident to the lesson for today, which is a record of awful deceit and lying and, worst of all, a mother putting her son up to it and calling down the consequences upon her own head (xxvii, 13). Her aim was to bring the father's blessing upon the son whom she loved, but if she had only believed God and left the matter in His hands He would not have failed to keep His word, for He had told her before the boys were born that the elder should serve the younger (chapter xxv, 25). There is everywhere today a tendency to help the Lord to do what He has no thought of doing, and that is to win the world to Himself in this age, with the devil still doing his devilish work.

There is also such a lack of confidence in God and His plan for His kingdom that many religious people try to work out their own plan, thinking thus to help God. The devil hates the love of God, the patience of God, the purpose of God, and is as busy with many of the people of God as he was with Rebekah that day, but they are blinded and deceived (11 Cor. iv, 3, 4; Rom. xi, 25). This record of Rebekah makes us think of another mother who was her son's counselor to do wickedly (11 Chron. xxii, 3), but one would hate to associate Rebekah with such an Athaliah, though it is true of all that the heart is deceitful and desperately wicked and the carnal mind is enmity against God (Jer. xvii, 1; Rom. viii, 7). If some of us have not developed the same degree of inquiry as others it is only the grace of God that has kept us. Note the lie upon lie of this story: "I am Esau, thy firstborn. The Lord thy God brought it to me. I am thy very son, Esau" (verses 19, 20, 24).

But he was found out even as it is written: Be sure your sin will find you out. (Num. xxxii, 23), though those words were used in a wholly different sense when uttered or written. We do well to remember that God shall bring every work into judgment, with every secret thing, whether it be good or whether it be evil. (Eccl. xii, 14). This may have been the first but certainly not the last story of kid glove deceit on record.

Great Lakes Navigation Opens in Less Than Two Weeks

Ottawa, Ont.—That navigation on the Great Lakes will open at an exceptionally early date this year is apparent from reports received by the marine department. Port Arthur advises say the harbor will be open in less than two weeks. Ice-breaking is now going ahead vigorously in the St. Lawrence in preparation for the opening of navigation. The ice in Lake Superior is said to be lighter than usual.

Will Protect Fur Seals  
Washington.—To carry out the treaty for the protection of fur seals in the North Pacific, President Wilson ordered the revenue cutters Manning, Unalga, Tahoma, Bear and Thetis to patrol the Behring sea from April 15 to Sept. 30.

## ...Cluny Nurseries...

The birthplace of the little trees that grow.

We are now ready to book your orders for hardy, western grown trees, shrubs and flowers. Write to Cluny for catalogue or to  
W. H. James, Gleichen Trading Co., Local Agent

### We Can

shoe your horse right or do any other job in blacksmithing and do it at a right price

### We Can

sell you steam or gasoline engines, threshing machine or any kind of farm machinery you want

### We handle

the John Deer plows Van Brunt drills and seeders

## THESE FARM MACHINES ARE MAKING GOOD

THE McCormick line of farm machines has endeared itself to the hearts of thousands of farmers. We handle it because we know it is the best. We handle McCormick binders, mowers, rakes, reapers, huskers and shredders, knife and tool grinders, binder twine, corn machines and a full and complete line of repairs. Call and look our line over and learn exactly what we have. It will take only a few moments of your time, and when you are in need of new farm machines or repairs for McCormick machines, you will know that we are ready to serve you. We will be only too glad to show you the McCormick line of farm machines, and we want you to call and get a catalogue. If there is any particular machine in which you are interested, make your wants known and we will see that you are supplied.

A. F. Larkin, Telford Building

During the past few months the Live Stock Branch of the Dominion Department of Agriculture has been in receipt of numerous inquiries as to where it might be possible to purchase either Angora or Milch goats. It would appear that in many parts of the Dominion the demand for these useful and profitable animals is rapidly developing and that those who at present have any surplus stock can find a ready sale for them if a channel of communication between supply and demand is established. Accordingly as a means of starting a convenient Directory of Canadian breeders of Angora Goats and Milch Goats, the Live Stock Commissioner will be pleased to receive from such breeders information regarding their respective flocks covering the following points:—

- 1.—Kind and number of goats kept.
- 2.—Usual number for sale each year.
- 3.—Approximately the prices asked.
- 4.—If possible a brief statement regarding expenses found necessary and the returns which may be expected by one engaged in raising this class of stock.

Communications supplying above information should be addressed to the Live Stock Commissioner, Ottawa, Ont. Such letters do not require postage.

Did you get fooled on April 1st.

Is your name on the voters list?

By to-night the political pot will be boiling over.

The main subject of conversation just now is politics.

Some of our town gardeners are already trying to get seed into the ground.

The lion was not very much in evidence during March, but Jack Frost was around a few times.

R. Hurd, the Gleichen enterprising tailor, has just received a fine line of samples of spring goods that are well worth your inspection. You will find the prices compare well with those of the east.

On behalf of the bachelors Frank Arndt has asked the CALL to quote the prices of eggs, butter, etc. Frank has evidently given up hope of getting a butter-maker of his own. We will try to please him next week.

Messrs Plant & Roy opened the Cluny Meat Market and are prepared to do business in Cluny and the adjacent country and towns.

The Hockey boys will evidently make a great success of their masquerade dance on Friday, April 11. In fact it is the talk of the country, but of course few will admit they will mask. Nevertheless the CALL reporter has been confidentially given a secret or two for safe keeping and all we can say is there will be some great surprises.

The firemen gave another of their enjoyable entertainments in the Opera House Saturday evening when the Herald Square Entertainers gave one of the best performances staged in Gleichen this season. The boys are to be congratulated in securing this company and while the attendance was good it should have been better, especially considering it was for the purpose of so noble a cause as assisting the fireman in perfecting their organization and paying off their obligations. Some were absent who may be in need of the fire-fighters' aid in any moment.

STRAYED on to sections 2, 3, and 11 Range 22, Township 21, chestnut gelding, weight 1100, 4 white legs, branded 2 on off shoulder, Y near hind, J on E near shoulder. Owner apply to C. F. Bruce, Cluny.

W. N. U. 944

**Unrest in India Causing Alarm.** Calcutta, Ind.—The ferment caused amongst Indian Moslems by the events in the near east is being abated, every day becomes more marked, and responsible Anglo-Indian journals all over the country are drawing attention to the serious nature of the position.

The Indian Mirror, a moderate Bengal newspaper, says that the situation is becoming most serious, as the Hindu extremists are taking advantage of the Moslem unrest to push their own revolutionary propaganda, and urge upon the government the advisability of prohibiting all meetings on the subject of the war. If this is not done, the Mirror is of the opinion that the ferment will follow the lines of the recent Hindu unrest. The attempt made some time ago by Aga Khan to calm the popular feeling has only resulted in, if anything more meetings being held, a which he is denounced as not a true Moslem.

Reviewing the situation in a recent leading article, the Times of India says that it is time that the wise heads among the Moslem community interfered to give the community a lead, for the extravagant language which is now being employed, and its effects on the uninformed, are so mischievous that if a corrective is not applied the consequence must be most prejudicial to the Indian Moslems themselves.

## GOOD FOR LITTLE ONES

Baby's Own Tablets are good for all little ones—good for the new-born babe or the growing child. They are absolutely safe and are guaranteed by a government analyst to be free from opiates and other injurious drugs. Concerning them Mrs. Wm. Kerrigan, Carleton Place, Ont., says: "I have always used Baby's Own Tablets and find them good for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## NO WAR SAYS LONDON PAPER

The Spectator Gives a Remarkable Analysis of the European Situation

London, England.—There can be no doubt that there is at the present moment a good deal of uneasiness among thinking men in England in regard to the European situation, declared the Spectator in a remarkable article:

The reawakening of France and the evidence of its power and alertness have given immense, nay, universal satisfaction to this country, but that satisfaction is tempered in many cases by an anxious thought. The French, it is argued, are at this moment very sure of themselves, very full of patriotic and martial ardor, and very certain that their army is in magnificent condition, not only in regard to its men but also as regards material, and especially as regards that greatest of all the mechanic powers of war, artillery. At the same time, France, with all its natural quickness, recognizes that for the moment Germany is at a disadvantage.

Austria-Hungary has its legs caught in the wire entanglement of the Balkans and, if the great war came now, would require help from Germany rather than be able to give aid. But if the fight comes with Austria-Hungary thus entangled, can any one believe that Italy will run the appalling risks involved by adhesion to the triple alliance? Germany, indeed, may be said to have publicly admitted its condition of disadvantage, for is it not at this moment asking its taxpayers to make an unheard of sacrifice in order that it may remedy that condition and out of its own population create a new army which will make up for the aid that Austria-Hungary would have given it before the teeth of the dead Turkish dragon had grown its crop of armed men in the Balkans?

To sum up, there is a feeling here that France may find the temptation 'Now or Never' too great for her, and may feel that her national interests demand that the European struggle shall be fought this year. To resist this feeling the Spectator points out that there is a large body of wise, prudent and influential men in France, who understand that any attempt to carry out the 'now or never' policy, would forfeit the support probably of Russia, and certainly of Britain. And if Britain were not with France, French communications with Tunis, Algiers and Morocco might be severed by the German-Austro-Italian fleet and the French flank turned by a German invasion of French territory. German sea power is in reality directed as much against France as against Britain.

For these reasons France is not in the least likely to provoke war this year, as she is not going to knock her head against a brick wall. Nor concludes the Spectator, is Germany likely deliberately to provoke a conflict.

**Stop the Cough.**—Coughing is caused by irritation in the respiratory passages and is the effort to dislodge obstructions that come from inflammation of the mucous membrane. Treatment with Dr. Thomas' Electric Oil will allay the inflammation and in consequence the cough will cease. Try it, and you will use no other preparation for a cold.

When the bullet has pierced the screen a light from behind becomes visible through the hole, which disappears as soon as the picture is being set in motion again.

The new device is being tested by war office officials.

**Rush From Church to Picture Palace.** London.—Despite vigorous protests by several ministers, the Middleborough county magistrates granted a seven-day license for a new picture palace. One minister said there was a rush from churches to picture halls after evening service, which was unseemly.

Be happy while you may. Soon your wife will present you with a box of Christmas cigars just like the kind her brother smokes.

Now is the merry season when the family has to retrench because the head thereof picked the loser twice.

## MAKES BOY HER HUSBAND

Lad is Forced to Wed Under Threat of Instant Death

St. Petersburg, Russia.—The forcible abduction and compulsory marriage of a Caucasian youth are reported from Kutais.

A pretty girl of 16 named Rogova, who lives in the village of Kulis-Kari, fell in love with a handsome boy of the same age, named Sari, who lived in a neighboring hamlet. Either from shyness or from disinclination Sari did not respond to the love-sick maiden's advances, and she therefore enlisted the aid of a band of young tribesmen, who made a raid at night on the dwelling of Sari's parents and carried the youth off to a hill fastness, where Rogova was waiting for him.

At first Sari rejected the proffered hand of Rogova, but his abductors threatened to kill him on the spot unless he made Rogova his bride. Under compulsion Sari consented. The next day the abductors made another raid in a different direction and bore to the rendezvous a clergyman, who unwillingly solemnized the marriage of Rogova and Sari.

In the meantime an armed party organized by the boy's parents, who were well-to-do people, had found the trail of the fugitives, but they arrived too late to prevent the marriage. After a stormy scene the opposing parties were reconciled, and Rogova bore off her now smiling bridegroom in triumph to her home in Kulis-Kari.

Minard's Liniment Cures Burns, Etc.

**Asphyxiation as Method of Arrest.** Paris.—A weapon for the firing of asphyxiating bombs, devised after the recent siege of automobile bandits in their strongholds, was used for the first time, in the capture of a negro who had become suddenly mad and ran amuck in the Avenue quarter, threatening everyone with a loaded revolver.

Detectives chased the man from room to room in a house where he had taken refuge, firing gas bombs as they went. The fugitive was finally cornered on the roof of the house in a state of semi-asphyxiation, quite powerless, and was transferred to a hospital.

## Could Not Digest His Food

Suffered For Years From Indigestion Until Cured by Dr. Chase's Kidney-Liver Pills.

Mr. J. D. S. Barrett.

If you suffer from chronic indigestion, forget about the stomach and pay attention to the condition of the liver and bowels. Ten to one that is where the real trouble lies.

The liver gets sluggish and fails to filter the bile from the blood, the bowels become constipated and the whole digestive system is upset.

As to cure, you cannot do better than to read of Mr. Barrett's experience with Dr. Chase's Kidney-Liver Pills. There is no treatment so prompt and thoroughly effective.

Mr. J. D. S. Barrett, Nelson, B. C., and formerly of Tillamook, Ore., writes: "For several years I was a great sufferer from indigestion. The least bit of food caused me considerable trouble and often I could scarcely eat a meal a day. The many remedies I tried proved futile until in 1906 I began the use of Dr. Chase's Kidney-Liver Pills, and after using about eight boxes I was completely cured. Since that time I have not been troubled with indigestion, which I consider a great blessing."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson Bates & Co., Limited, Toronto.

First Bachelor Maid—Miss Singleton is playing with fire again. Second Bachelor Maid—How is that? First Bachelor Maid—Going with an old flame of hers.

**KEEP THEM WORKING** A horse in the field is worth two in the barn. You can't prevent Spavin, Ringbone, Splint, or Curb from putting your horse in the barn but you can prevent these troubles from keeping horses in the barn very long. You can get **KENDALL'S SPAVIN CURE** and cure all such ailments. For 35 years, Kendall's Spavin Cure has been the horseman's standby. ALBANY, N.Y., MARCH 24th, 1912. "I have used Kendall's Spavin Cure for over 14 years curing two Bog Spavins, one Curb, one Bone Spavin and a Ringbone—all bad cases. Your medicine is the best in the world." J. J. RUDICK. Price \$1 per bottle—6 bottles \$5. Ask druggist for free book "Treatise on the Horse" or write direct to us 75 **Dr. B. J. Kendall Company** Fairbury Falls, Vermont, U. S. A.

**JUSTICE OF THE PEACE** HAD ULCERS & ECZEMA 4 YEARS ZAM-BUK HAS WORKED A CURE

Mr. J. E. Arsenault, a Justice of the Peace, and station master at Wellington, on the Prince Edward Island Railway, says:

"Four years ago I slipped in the station and fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead of doing so it developed into a bad ulcer, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged. My doctor said I must stop work and lay up. After six months of this trouble I consulted another doctor, but with no better result. I tried all the salves, liniments and lotions I heard of, but instead of getting better I got worse."

"This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that at last I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the eczema."

Such is the nature of the great cure which Zam-Buk is daily effecting. Purely herbal in composition, this great balm is a sure cure for all skin diseases, cold sores, chapped hands, frost bite, ulcers, blood-poisoning, varicose sores, piles, scalp sores, ringworm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., upon receipt of price.

**Zam-Buk**

**Italy Denies any Action in Albania.** Rome.—All reports regarding Italian preparations for military action in Albania or at other points on the opposite shore of the Adriatic are unfounded. So far as the Italian government knows, the question of Albania is practically solved as it has been confirmed that Austria has agreed that Jakova shall go to Serbia, which will satisfy the wishes of Russia, and Russia has agreed that Serbia shall remain part of Albania. Thus Russia, Austria and Italy are acting in accord, supported by the other powers.

Paris.—A new French Arctic expedition is now being organized under M. de Payer, an officer of reserve and a member of the Geographical Society. The expedition will take two aviators in the hope of realizing the dream of reaching the north pole by air.

Why did none of the candidates think of working the endless chain system to get votes?

Bordeaux.—The Scala Theatre here was seized for non-payment of the rent just as the curtain was about to rise. The actors refused to appear, though offered half the receipts, which were not refunded to the audience. The latter accordingly made a noisy protest, invading the stage and cutting all sorts of capers there.

## GERMAN EMPEROR GIVES ADVICE

Tells People of Bremen That Devotion to the Fatherland is a Duty

Bremen, Germany.—The German emperor, who in the last few days has been visiting the fortifications of Heligoland, has passed through here on his way back, and answering a speech of the Burgomaster at a lunch given in his honor here, his majesty alluding to the events of a hundred years ago, made the following remarks:

"When I survey the developments since those days I can, as the result of a comparison between that time and now, only recall what my grandfather wrote to my grandmother after the victory of September 2, 1870—what a turn of affairs by God's ordainment? What I wish for the city of Bremen is that it should at this festival remember the divine providence which has brought us this turn of affairs in these 100 years and that full of gratitude, it may remember the great development of the nation in which Bremen too has participated to a great extent by the flourishing of trade and shipping."

May the present generation show itself worthy of its forefathers and emulate them. May too, the youth of the present day take the youth of that day as its model in devotion to the fatherland. Its duty lies, not in the endeavor to enjoy itself to the utmost, but in learning for the fatherland and working for the fatherland. As then, our country now, has before it the task of strengthening its defenses and building up its military power and of equaling its ancestors of 100 years ago in patriotic self-sacrifice and abnegation.

All mothers can put away anxiety regarding their suffering children when they have Mother Graves' Worm Expeller to give relief. Its effects are sure and lasting.

**Rates and Ratcatching.** London.—In five weeks the Colchester borough ratcatcher has killed 500 rats at an average cost to the rates of 3 pence per rat.

## A RACKING COUGH AND SORE THROAT CURED IN FIVE HOURS

Use the Proper Remedy and Colds and Sore Throat Disappear

"When I came home last evening," writes Mr. Thomas E. Jarvis, "I was all used up with cold and a racking cough. I felt sick all over. My wife rubbed my throat and chest every hour, and made me gargle with Nerivine and water. I was soon warmed up and made comfortable with the Nerivine, and the chilly sensation passed away. At 11 o'clock, after five hours' treatment, I was practically well. I therefore write you at once in order that it may be publicly known that Nerivine will knock out a bad cold over night."

It is a fact that Nerivine will ease up a tight chest, will relieve that sore, wheezy feeling, will knock out a cold in just a few hours. It penetrates deeply, draws out the congestion, cures promptly. Get a large family size bottle, 50c.; small size, 25c., at all storekeepers and druggists or The Catarthzone Co., Buffalo, N. Y.

**Kaiser to Visit Venice.** Turin, Italy.—It is stated in the Venetian press that the German Emperor will pay a visit to Venice shortly, and that the visit will be the occasion of a meeting between the Kaiser and the King of Italy. From Italy the emperor will proceed on the Hohenzollern to Corfu.

Peking.—The young and pretty daughter of the vice governor of Kiang-tse province, China, has offered her hand in a dowry of \$5000 as first prize in a lottery organized by her in aid of the famine sufferers.

Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

## Concrete is the best building material

A BROAD statement—Yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes. The only reason he ever used wood was that it was easiest to get and most convenient to use. Wood is no longer easy to get. Like most building material, its cost is increasing at an alarming rate. The cost of concrete is decreasing. So, from the standpoint of either service or economy, Concrete is the best building material. Canada's farmers are using more concrete, in proportion to their numbers, than the farmers of any other country. Why? Because they are being supplied with

## Canada Cement

a cement of the highest possible quality, which insures the success of their concrete work. The secret of concrete's popularity in Canada lies in the fact that while we have been advertising the use of concrete, we have also been producing, by scientific methods, a cement so uniformly high in quality that the concrete made with it gives the complete satisfaction our advertisements promised. Concrete would not have been in such universal use today, had an inferior grade of cement been supplied. Insist upon getting Canada Cement. It is your best assurance of thoroughly satisfactory results from your concrete work. There is a Canada Cement dealer in your neighborhood.

Without this label it is not "Canada" Cement. Write for our Free 160-page book "What The Farmer Can Do With Concrete"—No farmer can afford to be without a copy.

# VOTE FOR McARTHUR

## The Farmers friend

Nomination

April 10th

Election Day,

April 17th

Farmer

J. P. McARTHUR

Rancher

### John P. McArthur Liberal Candidate

(continued from page 1)

While the committee was at work it was decided to take up the election of officers, which resulted as follows:

President—Roy Cown of Langdon  
Vice-President—Thos. Henderson of Gleichen.

Secretary—A. S. Lincoln, Langdon.

How the executive should be selected brought forth a long controversy and although no motion was made it is gathered that the candidate is now to make the selection.

A committee on resolutions was also selected but in the end their services were little heard of excepting to move a vote of confidence in the Sifton administration. Getting down to business T. D. Park moved and Henry Scott seconded the nomination of John P. McArthur, both speaking briefly.

Mr. Eugene Sly of Strathmore then moved the nomination of Mr. Henry Sorensen, which was seconded by H. Vicary. Mr. Sly stated he wished to be explicit and have it understood that in case Mr. Sorensen did not receive the nomination of this convention it was the intention of the Farmers' Union to call a big convention and have him run as an independent candidate. Naturally Mr. Sly's remarks created much discussion and many spoke, the trend of the argument being that Mr. Sorensen and his friends should not have attended the convention unless they were prepared to abide by the choice of the convention.

Mr. McArthur speaking said that so far as he was concerned he would abide by the decision of the convention and if Mr. Sorensen was the choice he would spend as much time and work just as hard for Mr. Sorensen as he would if he happened to be fortunate enough to be selected.

Mr. Sorensen said he was in the hands of the Farmers' Union, that he did not pretend to be a politician and that as he understood the situation would withdraw.

N. N. Hayes said that while he was a strong supporter of Mr. Sorensen he had come from Gleichen pledged to support Mr. McArthur on the first vote as he had gone to a primary with the Gleichen Liberals and the majority of those present at the primary had placed their confidence in him and he intended to carry out the confidence placed in

him. He thought it was the duty of Mr. Sly and Mr. Sorensen to stay with the decision of the convention.

Thus and again Mr. Sorensen endeavored to explain himself more fully and finally it was moved that a recess of fifteen minutes be allowed. After which Mr. Sorensen stated that while he would not pledge himself to support any party he would withdraw from the contest entirely at this time.

Mr. McArthur then being the only nominee the chairman announced him the choice of the convention and upon motion his candidature was made unanimous and the chairman called upon him to speak.

Mr. McArthur thanked the convention for the honor they had conferred on him. They did not know how much he appreciated it. They had conferred an honor on him which any man should feel proud of, not only because of the position they had asked him to fill, but not only because of himself, but for the government, which had done so much for the country. He believed that they had in Hon. A. L. Sifton a man whose object was the bettering of the lot of the farmers of this province. He had had several conversations with the Premier since last election, and he believed his whole aim and ambition was to make this province the best province of the whole Dominion. Their legislation showed that they were a government for the people. They had extended the telephone system as rapidly as possible. It took an immense amount of money to furnish funds for these utilities, but the government had provided the money.

One thing his nominator said was not correct—that he was a wealthy man. He was not, though his late brother had been, but he was willing to give out of his means for the support of the Sifton administration. He thanked them again for nominating him. He had all the respect any man could have for his friend Mr. Sorensen, and if his name was ever before them in a federal election he would support him to the best of his ability. If Henry Sorensen received the nomination for the federal house he would find in J. P. McArthur one of his strongest supporters. He had been a farmer all his life. He asked them to do their best to support an administration which would ever be working for the advancement of the rural community.

N. N. Hayes asked to have the liberty of putting a few questions to Mr. McArthur, to which that gentleman expressed himself as quite agreeable. The first one was, Would he support the elevator bill as brought forward at the last session of the Provincial House?

Mr. McArthur replied he would certainly support the bill if he understood it right. He understood that the elevators were the property of the farmers of the country and the money loaned by the government was to be paid back. As he had been away in Ontario for the past ten days he had not opportunity to read the bill closely. He certainly thought it was time the farmers were protected from the elevator sharks.

Mr. Hayes second question was to the effect that as the Government had asked the people to subscribe 20 per cent. of the cost of these elevators, would the candidate be in favor of decreasing this amount to, say, 15 per cent?

Mr. McArthur answered that in his opinion the Government should advance 90 per cent. of the total cost, so long as the people as a whole were properly protected.

Mr. Hayes third and last question was if the candidate was in favor of woman suffrage in Alberta.

Mr. McArthur said his best answer to that would be to invite the questioner to spend an evening in his home when the suffrage question was under discussion (laughter).

It is stated that work on the C.P. I. Company's demonstration farm just north of town is to be proceeded with immediately. Surveyors have recently gone over the property and every preparation is being made to make it a model demonstration farm.

Some delvers into the mysteries of the evolution of man now claim that the human race originally began life in the form of trees. There are a few "sticks" left to bear out the theory.

Arrangements have been made for a Public Meeting in the interest of the Conservative candidate Gen. McElroy, to be held in the Opera House on Monday, April 7th at 8 p. m. The speakers will be R. B. Bennett, K. C., M. P., Harold W. Riley, M. P. P., Mr. McElroy and others.

The California All-Star Quartette, who appear in the Gleichen Opera House, Wednesday, April 9th.
